HISTÓRIA

History | Historia | Histoire

Fundada há mais de um século, a Cifial, S.A. é uma referência na indústria de ferragens, torneiras e soluções para banho, combinando tradição e inovação para oferecer produtos de excelência. Com uma trajetória marcada pela qualidade e pelo design de vanguarda, a empresa consolidou-se como um dos principais fabricantes do setor, apostando continuamente no desenvolvimento tecnológico e na sustentabilidade.

Reconhecida internacionalmente, a Cifial tem no seu portfólio diversos prêmios de design e inovação, reflexo do seu compromisso com a excelência e a diferenciação no mercado. A sua presença comercial estende-se além das fronteiras de Portugal, exportando para diversos países e reforçando a sua posição global através de uma rede sólida de parceiros e distribuidores.

Com um legado industrial robusto e uma visão orientada para o futuro, a Cifial continua a expandir-se, mantendo-se fiel aos valores que a tornaram uma marca de prestígio.

Founded over a century ago, Cifial S.A. is a reference in the fittings, taps, and bathroom solutions industry, blending tradition and innovation to offer products of excellence. With a trajectory marked by quality and cutting-edge design, the company has established itself as one of the leading manufacturers in the sector, continuously investing in technological development and sustainability.

Internationally recognized, Cifial boasts a portfolio of multiple design and innovation awards, reflecting its commitment to excellence and market differentiation. Its commercial presence extends beyond Portugal's borders, exporting to various countries and strengthening its global position through a solid network of partners and distributors.

With a robust industrial legacy and a forward-looking vision, Cifial continues to expand, staying true to the values that have made it a prestigious brand.

1904

A CIFIAL tem as suas raízes no Centro Industrial de Ferragens, Lda (CIF), fundado em 1904 por Alberto Costa Reis, conhecido como “O Biscatão”. Nos seus primórdios, a fábrica dedicava-se à produção de fechos, fechaduras, dobradiças e cofres, estabelecendo desde cedo um compromisso com a qualidade e a inovação.

CIFIAL has its roots in Centro Industrial de Ferragens, Lda (CIF), founded in 1904 by Alberto Costa Reis. In its early days, the factory focused on producing locks, latches, hinges, and safes, establishing from the outset a commitment to quality and innovation.

1940'S

Em 1944, José Marques adquire a empresa com um espírito inovador, apostando desde o início na exportação, não apenas para expandir o negócio, mas também para importar novas ideias industriais e comerciais. A sua visão leva-o a estabelecer relações comerciais em países como Alemanha, Suíça, Bélgica e França. Para responder à crescente procura, em 1946 a CIFIAL adquire a primeira máquina de dentar chaves por cópia em Portugal – uma das primeiras da Península Ibérica.

In 1944, José Marques acquired the company with an innovative spirit, focusing from the start on exports - not only to expand the business but also to bring in new industrial and commercial ideas. His vision led to commercial relations with countries such as Germany, Switzerland, Belgium, and France. To meet increasing demand, in 1946 CIFIAL acquired Portugal's first key-cutting duplication machine - one of the first in the Iberian Peninsula.

1930'S

Na década de 1930, a CIFIAL participa nas primeiras feiras em Portugal, tornando-se pioneira na exploração de mercados internacionais. Demonstrando uma visão comercial avançada, a marca CIFIAL é registada em 1934, protegendo o seu património e consolidando a identidade da empresa.

In the 1930s, CIFIAL took part in the first trade fairs in Portugal, becoming a pioneer in exploring international markets. Demonstrating advanced commercial vision, the CIFIAL brand was registered in 1934, protecting its heritage and consolidating the company's identity.

1950'S

A internacionalização da CIFIAL ganha novo fôlego. Em 1954, a empresa conta já com mais de 280 clientes na África do Sul, Rodésia, Lourenço Marques e Bissau. A expansão para as províncias ultramarinas prossegue ao longo da década, consolidando a sua presença além-fronteiras.

CIFIAL's internationalization gained fresh momentum. By 1954, the company already had more than 280 clients in South Africa, Rhodesia, Lourenço Marques, and Bissau. Expansion into overseas provinces continued throughout the decade, consolidating its cross-border presence.

1960'S

No início dos anos 60, a CIFIAL emprega cerca de 200 operários e a área fabril continua a expandir-se. Em 1961, instala a primeira máquina de eletroerosão do país. A segunda metade da década é marcada por modernizações significativas: a renovação dos equipamentos leva à substituição dos sistemas de acionamento por linhas de eixo por motores elétricos. Em 1967, a empresa dá mais um passo na internacionalização, iniciando operações nos Estados Unidos.

In the early 1960s, CIFIAL employed around 200 workers, and its manufacturing area kept expanding. In 1961, it installed the country's first electrical discharge machining (EDM) machine. The second half of the decade was marked by significant modernization: equipment upgrades led to the replacement of drive shaft systems with electric motors. In 1967, the company took another step in internationalization by starting operations in the United States.

1970'S

A modernização continua com a introdução de uma linha de tornos programados e da primeira linha de cromagem automática do país. Em 1975, entra em funcionamento a primeira fundição injetada de ZAMACK em Portugal. O crescimento nos EUA intensifica-se e, em 1976, a CIFIAL atinge uma faturação anual de 10,5 milhões de escudos.

Modernization continued with the introduction of a line of programmed lathes and the country's first automatic chrome-plating line. In 1975, Portugal's first ZAMAK injection foundry began operations. Growth in the U.S. market intensified, and in 1976, CIFIAL achieved an annual turnover of 10.5 million escudos.

1980'S

A inovação e a qualidade dos produtos CIFIAL fortalecem a sua relação com os clientes americanos. O prestígio da marca cresce e, fruto dessas parcerias, a coleção Edwardian torna-se a primeira gama de torneiras da CIFIAL a ser instalada na Casa Branca, por escolha da Primeira Dama Nancy Reagan. É também nesta década que a CIFIAL começa a comercializar torneiras sob a sua própria marca, reforçando a sua identidade no setor.

CIFIAL's innovation and product quality strengthened its relationship with American clients. The brand's prestige grew, and as a result of these partnerships, the Edwardian faucet collection became the first CIFIAL range to be installed in the White House, chosen by First Lady Nancy Reagan.

It was also during this decade that CIFIAL began marketing taps under its own brand, reinforcing its identity in the sector.

1990'S

A internacionalização da CIFIAL é solidificada com a abertura de filiais no Reino Unido (1993), EUA (1996) e Espanha (1991). Em 1992, o grupo adquire participação na Aquatis, que viria a transformar-se na CIFIAL – Indústria Cerâmica, SA. Com o objetivo de se tornar líder em soluções integradas para casa de banho, a empresa adquire as marcas OLIVA e LUSEPI. Em 1996, a CIFIAL torna-se pioneira na Europa na instalação e utilização de processos PVD.

CIFIAL's innovation and product quality strengthened its relationship with American clients. The brand's prestige grew, and as a result of these partnerships, the Edwardian faucet collection became the first CIFIAL range to be installed in the White House, chosen by First Lady Nancy Reagan.

It was also during this decade that CIFIAL began marketing taps under its own brand, reinforcing its identity in the sector.

2020'S

Sob uma nova liderança, a CIFIAL redefine a sua estratégia para enfrentar os desafios do futuro. Apostando na inovação e no reforço da sua posição no mercado nacional e internacional, amplia o portefólio com novas categorias de produtos, como mobiliário e bases de chuveiro.

A produção é globalizada, contando com unidades externas em Portugal, Espanha e Itália, mantendo sempre elevados padrões de qualidade. Paralelamente, a CIFIAL assume um forte compromisso ambiental, otimizando o consumo hídrico dos seus produtos e tornando o seu processo industrial mais sustentável.

Em 2023, é inaugurada uma Unidade de Produção de Energia Elétrica através de painéis fotovoltaicos com uma área total de 3.000 m² e capacidade produtiva de até 847 MWh/ano.

A identidade visual da marca acompanha esta renovação, mantendo os valores que fizeram da CIFIAL uma referência ao longo de mais de 120 anos de história.

O reconhecimento internacional continua: a nova coleção de torneiras Legacif recebe o prémio GOOD DESIGN AWARD, atribuído pelo The Chicago Athenaeum.

Under new leadership, CIFIAL redefined its strategy to face future challenges. Investing in innovation and strengthening its position in both the national and international markets, it expanded its portfolio with new product categories such as furniture and shower trays.

Production became globalized, with external units in Portugal, Spain, and Italy, always maintaining high-quality standards. Simultaneously, CIFIAL made a strong environmental commitment, optimizing the water consumption of its products and making its industrial processes more sustainable.

In 2023, a Photovoltaic Power Production Unit was inaugurated, covering a total area of 3,000 m² with a production capacity of up to 847 MWh/year.

The brand's visual identity evolved alongside this renewal, maintaining the values that have made CIFIAL a benchmark for over 120 years. International recognition continued: the new Legacif faucet collection received the GOOD DESIGN AWARD, granted by The Chicago Athenaeum.

2000'S

O início do século XXI é marcado pelo reconhecimento internacional: a CIFIAL arrecada 18 prémios de design, incluindo o Red Dot Design Award, GOOD DESIGN e ADEX.

Com uma área industrial de 90.000 m² dedicada à metalomecânica e 60.000 m² à cerâmica, a produção diária atinge 10.700 unidades metalomecânicas e 1.360 unidades cerâmicas. Em 2004, a empresa adquire a totalidade da Aquatis, reforçando a sua presença no setor. Nesta fase, a CIFIAL emprega quase 1.000 colaboradores nas suas três unidades industriais.

The early 21st century was marked by international recognition: CIFIAL won 18 design awards, including the Red Dot Design Award, GOOD DESIGN, and ADEX.

With 90,000 m² dedicated to metalworking and 60,000 m² to ceramics, daily production reached 10,700 metal units and 1,360 ceramic units. In 2004, the company acquired full ownership of Aquatis, strengthening its market position. At this stage, CIFIAL employed nearly 1,000 people across its three industrial units.

PRODUÇÃO

Production | Producción | Production

Na CIFIAL, acreditamos que o nosso crescimento e sucesso, tanto a nível nacional como internacional, resultam de uma filosofia assente na melhoria contínua e no compromisso inabalável com a satisfação total do cliente.

Assumimos um controlo rigoroso em todas as fases do processo industrial, desde a conceção do produto até à produção, passando pelo acompanhamento meticoloso da qualidade e pelo serviço direto ao mercado. Só assim garantimos os mais elevados padrões de excelência que nos distinguem há décadas.

Com um portefólio abrangente que inclui torneiras, sanitários, móveis, bases de duche e banheiras, a CIFIAL combina inovação, design e funcionalidade para criar soluções que elevam a experiência no espaço de banho.

At CIFIAL, we believe that our growth and success, both nationally and internationally, result from a philosophy rooted in continuous improvement and an unwavering commitment to total customer satisfaction.

We maintain strict control over all stages of the industrial process, from product design to production, through meticulous quality monitoring and direct market service. This ensures the highest standards of excellence that have distinguished us for decades.

With a comprehensive portfolio that includes taps, sanitary ware, furniture, shower trays, and bathtubs, CIFIAL combines innovation, design, and functionality to create solutions that elevate the bathroom experience.

QUALIDADE

Quality | Calidad | Qualité

A Gestão da Qualidade é gerida de acordo com os requisitos da NP EN ISO 9001, que privilegia a satisfação das expetativas do cliente. Os produtos Cifial cumprem todos os requisitos de exigência para os seus mercados de atuação, bem como as normativas internacionais relativas às distintas áreas de negócio.

Na indústria metalomecânica, a Cifial está equipada com laboratórios físico-químicos, de espectrometria e de ensaios mecânicos. São realizados sistematicamente ensaios no lançamento de produtos novos e de acompanhamento ao processo de fabrico.

A Cifial garante o cumprimento dos referenciais normativos europeus e americanos, dando resposta às necessidades mais exigentes dos clientes através de realização de ensaios normalizados: Os produtos CIFIAL cumprem todos os requisitos de exigência para os seus mercados de atuação, bem como as normativas internacionais relativas às distintas áreas de negócio.

Ensaaios de corrosão;
Resistência química;
Ensaaios de adesão;
Ensaaios de abrasão;
Espessura de revestimento;
Ensaaios de produto: hidráulicos.

Na Indústria Cerâmica, a Cifial está equipada com os laboratórios de Cerâmica e de Produto, nos quais são permanentemente elaborados ensaios que garantem a qualidade e o cumprimento das normas:

Determinação da absorção de água;
Resistência aos ácidos, agentes químicos e alcalis;
Resistência às manchas;
Determinação dimensional da louça sanitária;
Carga estática a louça sanitária;
Ensaaios funcionais a louça sanitária;
Ensaaios dinâmicos de desempenho.

Quality Management is carried out in accordance with the requirements of NP EN ISO 9001, prioritizing customer satisfaction. CIFIAL products meet all the stringent requirements of their target markets and comply with international standards across their various business areas.

In the metalworking industry, CIFIAL is equipped with physical-chemical, spectrometry, and mechanical testing laboratories. Tests are systematically carried out during the launch of new products and throughout the manufacturing process.

CIFIAL ensures compliance with European and American regulatory standards, meeting the most demanding customer requirements through standardized testing:

Corrosion testing;
Chemical resistance;
Adhesion testing;
Abrasion testing;
Coating thickness;
Product tests: hydraulic performance.

In the Ceramics Division, CIFIAL is equipped with dedicated Ceramics and Product laboratories that continuously conduct tests to ensure quality and compliance with standards:

Determination of water absorption;
Resistance to acids, chemicals, and alkalis;
Stain resistance;
Dimensional checks of sanitary ware;
Static load testing of sanitary ware
Functional testing of sanitary ware
Dynamic performance tests

PRÉMIOS

Awards | Premios | Prix

Na CIFIAL, a inovação e o design são o motor do nosso desenvolvimento. O investimento contínuo em engenharia, tecnologia e estética tem sido reconhecido ao longo dos anos com diversos prémios internacionais, valorizando a qualidade e sofisticação dos nossos produtos.

Mais do que um reconhecimento do que já conquistámos, estes prémios são um incentivo para continuarmos a evoluir. A nossa missão é desenvolver torneiras e soluções para a casa de banho que combinam design intemporal, durabilidade e eficiência, assegurando que cada peça oferece uma experiência de utilização superior e eleva os espaços onde se insere.

Na CIFIAL, desafiámos constantemente os limites da criatividade e da tecnologia para redefinir os padrões do setor. A cada novo projeto, procuramos superar expectativas e criar soluções inovadoras que unem funcionalidade e estética com um compromisso sustentável.

O futuro da CIFIAL constrói-se com inovação, dedicação e a ambição de continuar a marcar a diferença.

At CIFIAL, innovation and design are the driving forces of our development. Continuous investment in engineering, technology, and aesthetics has been recognized over the years with various international awards, highlighting the quality and sophistication of our products.

More than just recognition of what we have achieved, these awards motivate us to keep evolving. Our mission is to develop taps and bathroom solutions that combine timeless design, durability, and efficiency, ensuring that each piece offers a superior user experience and enhances the spaces where it is installed.

At CIFIAL, we constantly challenge the limits of creativity and technology to redefine industry standards. With each new project, we strive to exceed expectations and create innovative solutions that unite functionality and aesthetics with a sustainable commitment.

The future of CIFIAL is built on innovation, dedication, and the ambition to continue making a difference.

GESTÃO DE PROJETOS

Project Management | Gestión de Proyectos | Gestion de Projets

Arquitectos e decoradores precisam de um parceiro competente e familiarizado com as suas necessidades que lhes possa oferecer produtos que satisfaçam os seus requisitos.

Actualmente, o proprietário do projecto pode estar sedado noutro lugar que não seja o do arquitecto, ou do empreiteiro, para assegurar o melhor resultado, é necessário um parceiro internacional fiável.

A Cifial está representada em todo o mundo com uma rede global de distribuição e filiais, que garante essa fidelidade. Porque todos os projectos são exclusivos e de carácter único, os designers de interiores, procuram materiais requintados, cores, padrões de alta qualidade e de estilo único. A vasta gama de produtos da marca CIFIAL oferece uma enorme multiplicidade de produtos e estilos, do clássico ao moderno.

Por isso a CIFIAL oferece um apoio dedicado para todos os projectos que possam exigir desenvolvimento especial, ao nível do design, requisitos técnicos, acabamento especial e outras inúmeras necessidades. O departamento de gestão de projectos está disponível para procurar e estudar com os nossos clientes qualquer requisito para qualquer projecto que possa necessitar de personalização e desenvolvimento.

Quer seja apenas uma questão de acabamento, um problema de dimensão, requisito de eficiência, ou uma questão de design, a nossa equipa ajudá-lo-á com uma solução.

Architects and interior designers need a competent partner familiar with their needs who can offer them products that meet their requirements.

Ofently nowadays the owner of the project is based somewhere else than the , architects, or the contractor. To ensure the best result you need an international yet reliable partner.

Cifial is represented worldwide with our Global distribution network and subsidiaries.

Because all projects are exclusive with their special character. Interior designers rely on exquisite materials, colors, high-quality standards and unique style in the design of the bathroom.

The wide range of products from the CIFIAL brand offers a large multiplicity of products and styles from classic to modern. Never the less our long experience across the world in many projects told us that there is always the possibility to do more.

This is why CIFIAL offers a special support for all special projects that could require special development, such as design, technical requirements, special finish and other countless special needs.

The Project management department is available to seek along and study with our partners any special requirement for any special project that might need small or high level of customization and development.

Next time your project or your customer, presents to you an impossible challenge, count on us to support and advise you.

Whatever if it is just a color issue, or a dimension problem, an efficiency requirements, or a design matter, our team will assists you with a solution.

ACABAMENTOS

Finishes | Acabados | Finitions

Além da função estética, os acabamentos garantem proteção às superfícies, aumentando a sua resistência à corrosão e à abrasão. Estes resultam de duas fases: na fase de preparação das superfícies, é definida a textura através de processos de lixagem, polimento, escovagem e texturização química; na fase de revestimento, é definida a cor, o brilho, a dureza e a resistência à corrosão do acabamento.

Besides aesthetics, finishing processes ensure surfaces are protected and increase their resistance to corrosion and abrasion. They result from two phases: in the surface preparation phase, the texture is defined through sanding, polishing, brushing and chemical texturization processes; in the coating phase, the color is defined, the gloss, hardness and corrosion resistance of the finishing.

LOUÇA SANITÁRIA

Sanitaryware | Sanitarios | Sanitaires

Lavagem
Water

PT Personalização de temperatura, pressão para as diferentes opções.

EN Customized adjustment of temperature, pressure and water volume, for the different washing options.

Bocal de saída de água
Water outlet nozzle

PT Destacável para fácil limpeza ou substituição.

EN Detachable for Easy cleaning or replacement.

Pré-humidificação
Pre-humidification

PT Spray acionado no início da utilização para melhor limpeza posterior da louça sanitária. Limpeza mais fácil e eficaz, com menor consumo hídrico.

EN Spray activated at the beginning of use for better cleaning, afterwards. Easier and more effective cleaning, with less water consumption.

Autolimpeza
Self-cleaning Sprayer

PT Autolimpeza do bocal de saída da água e da louça sanitária.

The self cleaning sprayer ensures a clean and fresh wash.

Funções de acordo com o género
Functions by gender

PT Lavagem e secagem íntima para ambos os géneros.

Intimate washing and drying for both genders.

Secagem
Drying

PT Ajuste personalizado de temperatura e volume de ar.

Customized adjustment of temperature and air volume.

Desodorização Inteligente
Intelligent Deodorizing

PT Função de ar fresco e desodorizante são ativadas no momento de utilização da sanita bidé. Customized adjustment of temperature and air volume.

Segurança
Protection

PT Proteção de sobreaquecimento de água. Proteção de sobreaquecimento de ar. Proteção elétrica. Antibacteriano. Dispositivo anti gelo. Funcionamento assegurado em caso de ausência de corrente elétrica.

EN Over heated water protection. Warm air drying protection. Electrical protection. Antibacterial. Anti icer device. Guaranteed to function in the event of a power failure.

CONDIÇÕES GERAIS DE VENDA

GENERAL TERMS AND CONDITIONS OF SALE | CONDICIONES GENERALES DE VENTA | CONDITIONS GÉNÉRALES DE VENTE

Os produtos ilustrados neste catálogo podem não corresponder exatamente ao produto final devido ao conceito gráfico do catálogo e os constrangimentos inerentes aos meios de reprodução. Por razões de natureza técnica e/ou comercial, a CIFIAL reserva-se o direito de introduzir modificações aos preços, materiais, acessórios ou outras especificações técnicas constantes deste catálogo sem aviso prévio. Formatos, dimensões, cores e demais características dos produtos devem ser tomadas a título orientativo. Todas as vendas efetuadas pela CIFIAL S.A., (NIF:500061122) presumem-se feitas em harmonia com as presentes condições gerais de venda. Todos os trabalhos não contemplados nesta tabela serão executados mediante orçamento prévio.

ENCOMENDAS

- Serão considerados válidos os pedidos efetuados por escrito.
- As encomendas aceites não poderão ser anuladas ou alteradas nos seguintes casos:
 - Quando tiverem transcorrido 4 dias a partir da data do envio de orçamento por parte da Cifial;
 - Quando se tiver efetuado a expedição do produto;
 - Quando se tenha iniciado o processo de fabricação especial para produtos especiais, ou seja, produtos não constantes nos nossos catálogos.
- A CIFIAL reserva-se o direito de anular encomendas pendentes em caso de incumprimento do Cliente - total ou parcial - de anteriores contratos.

PREÇOS

- Os preços praticados são sempre os constantes na Tabela de Preços (IVA não incluído) em vigor no momento da expedição da mercadoria.
- A Tabela de Preços poderá ser alterada sem qualquer aviso prévio.
- Os preços de venda poderão ser alterados por simples aviso ao Cliente. Se o Cliente não aceitar o novo preço, poderá anular a encomenda, notificando a CIFIAL por escrito dentro dos oito dias seguintes à data do aviso. Depois de passado este prazo, entender-se-á que aceita plenamente as novas condições.
- A alteração dos impostos que onerem a produção, entrega ou venda dos produtos, não permitirá ao Cliente anular a encomenda.

PRAZOS

- Os prazos de entrega indicados pela CIFIAL contam-se sempre a partir da data de aceitação de encomenda e têm natureza previsional.
- O comprador não poderá em caso algum exigir qualquer indemnização ou recuperar a mercadoria por atraso, na sua entrega ou incumprimento do prazo.
- Pode a CIFIAL proceder a entregas parciais e executar as respetivas faturas.

ENTREGA

- As mercadorias consideram-se entregues ao Cliente após a sua descarga nas suas instalações e confirmação da sua receção por assinatura da respetiva Guia de Remessa, ou logo que concluído, nas instalações da CIFIAL, o carregamento em meio de transporte do Cliente e a respetiva Guia de Remessa seja assinada pelo condutor.
- Quando a entrega das mercadorias for por meio de transporte da responsabilidade da CIFIAL, a guia entregue pelo transportador deverá ser assinada, aquando da sua receção, e deve mencionar, junto à assinatura, "Mercadoria sob reserva e sujeita a conferência". Caso o destinatário não formule esta reserva, presume-se que a mesma se encontra em boas condições, não dando origem a reclamação. Formulando essa reserva, se no prazo de 8 (oito) dias após a receção da mercadoria pelo Cliente não se registar qualquer reclamação, implica plena aceitação da mercadoria.
- As encomendas poderão ser satisfeitas por entregas parciais.
- As descargas de mercadoria serão da responsabilidade do Cliente, no caso de a mesma ser levantada pelo Cliente nas instalações da CIFIAL.
- A CIFIAL poderá recusar-se a fazer o transporte das encomendas, sempre que:
 - O local de destino não seja o armazém do Cliente, ou o combinado previamente;
 - O volume da encomenda não o justifique.

RECLAMAÇÕES

- As reclamações devem ser apresentadas num prazo de 10 dias úteis imediatos ao fornecimento;
- Se a reclamação tiver fundamento, a CIFIAL só será responsável pela reparação ou, em último caso, pela reposição por troca, de igual produto.

DEVOLUÇÕES

- Todas as Devoluções de produtos estão sujeitas à prévia aceitação da CIFIAL;
- Ao valor das devoluções autorizadas poderão ser deduzidos gastos com receção, prova, inspeção e desvalorização, a acordar caso a caso com o cliente.

PAGAMENTO

- Para efeitos de pagamentos serão observadas as condições financeiras acordadas e em vigor à data da fatura.
- Para cada cliente será estabelecido um "Plafond" de crédito, pelo nosso Departamento Financeiro, tendo como base informação comercial e financeira do seu comportamento como parceiro comercial.
- Os fornecimentos que não sejam pagos atempadamente vencerão juros nos termos legais após data de vencimento da respetiva fatura.
- A eventual existência de situações pendentes não será aceite, em caso algum, como justificação para o não pagamento atempado de qualquer fatura.
- Haverá suspensão de fornecimentos sempre que se verifique qualquer situação de incumprimento por parte dos clientes.
- Aos clientes com crédito suspenso não serão satisfeitas quaisquer encomendas.
- Entende-se como cumprimento dos prazos, a data de receção nos nossos serviços, do respetivo meio de liquidação.
- Se antes do cumprimento total ou parcial de um pedido se produzem ou se conhecem factos ou circunstâncias que originem um temor fundado de que o Cliente não cumprirá com o pagamento, poderá a CIFIAL, suspender a entrega dos produtos se o Cliente não antecipar ou garantir o pagamento no prazo correspondente.
- Estas condições entram imediatamente em vigor e anulam e substituem as anteriores, podendo ser alteradas sem aviso prévio.

RESERVA DE PROPRIEDADE

- A CIFIAL reserva o direito de propriedade da mercadoria até ao seu pagamento integral.

CANCELAMENTO OU SUSPENSÃO

- A CIFIAL poderá, por seu interesse, cancelar ou suspender o fabrico de qualquer dos seus produtos e/ou de encomendas, sem que o Comprador tenha direito a qualquer indemnização por esse facto.

GARANTIA

- Os nossos produtos, sempre que utilizados e instalados de acordo com as nossas instruções, estão garantidos contra defeitos de fabrico por um período de 3 anos para produtos adquiridos após 01/01/2022 e de 2 anos para produtos adquiridos até 31/12/2021, salvo nos casos em que se indique no correspondente documento outro período ou condições específicas.
- Para a aplicação desta garantia será necessário, em qualquer caso, a aceitação do defeito pelos nossos serviços técnicos e a devolução dos produtos defeituosos.
- Os gastos de transporte e embalagem que sejam originados pela assistência em garantia, são por conta da CIFIAL.

FORO COMPETENTE

- Fica desde já convencionado o Foro da Comarca de Santa Maria da Feira como competente, com exclusão de qualquer outro, para dirimir os litígios emergentes das Transações Comerciais realizadas com base nestas condições.

The products illustrated in this catalog may not exactly match the final product due to the concept Graphic of the catalogue and the constraints inherent in the means of reproduction. For technical reasons and/or commercial, CIFIAL reserves the right to introduce modifications to the prices, materials, accessories or other technical specifications contained in this catalog without prior notice. Formats, dimensions, colors and other characteristics of the products should be taken as a guideline. All sales made by CIFIAL S.A., (NIF: 500061122) are presumed to be made in harmony with these general sale conditions. All works not contemplated in this table will be executed with prior budget.

ORDERS

- Only Requests made in writing shall be considered valid.
- Confirmed orders may not be cancelled or changed in the following cases:
 - When 4 days have elapsed from the date of submission of the budget by Cifial;
 - When the product has been shipped;
 - When the special manufacturing process for special products has begun, for all products not included in the present catalogue.
- CIFIAL reserves the right to cancel pending orders in case of non-compliance of the Customer - total or partial – even from previous contracts.

PRICES

- The prices charged are always those contained in the Price List (VAT not included) at the time of shipment of the goods.
- The Price List may be changed without prior notice.
- The sales prices may be changed by simple notice to the Customer. If the Customer does not accept the new price, he may cancel the order by notifying CIFIAL in writing within 8 days following the date of notice. After this deadline has passed, it will be understood that the customer fully accept the new conditions.
- The change of taxes that burden the production, delivery or sale of the products, will not allow the Customer to cancel the order.

DEADLINES

- The delivery times indicated by CIFIAL are always counted from the date of acceptance of the order and have Predictive nature.
- The buyer may not under any circumstances demand any indemnity or recover the goods for delay, delivery or non-compliance with the deadline.
- CIFIAL may make partial deliveries and execute the respective invoices.

DELIVERY

- The goods are deemed to be delivered to the Customer after their unloading at its premises and confirmation of its receipt by signature of the respective Packing Slip, or as soon as completed, at the premises of CIFIAL, the loading on the Customer's means of transport and the respective Consignment Note is signed by the driver.
- When the delivery of the goods is by means of transport under the responsibility of CIFIAL, the guide delivered by the carrier must be signed, upon receipt, and must mention, next to the signature, "Goods subject to and subject to conference". If the recipient does not formulate this reservation, it is presumed that it is in good condition, not giving rise to a complaint. By making this reservation, if within 8 (eight) days after receipt of the goods by the Customer no claim is registered, it implies full acceptance of the goods.
- Orders may be fulfilled by partial deliveries.
- The unloading of goods will be the responsibility of the Customer, in the event that it is picked up by the Customer at the premises of CIFIAL.
- CIFIAL may refuse to transport the orders whenever:
 - The place of destination is not the Customer's warehouse, or the previously agreed one;
 - The volume of the order does not justify it.

COMPLAINTS

- Complaints must be submitted within 10 working days of delivery;
- If the complaint is well-founded, CIFIAL will only be responsible for the repair or, in the last case, the replacement by exchange, of the same product.

RETURNS

- All Product Returns are subject to prior acceptance by CIFIAL;
- To the value of the authorized returns may be deducted expenses with reception, proof, inspection and devaluation, to be agreed on a case-by-case basis with the customer.

PAYMENT

- For the purposes of payments, the financial conditions agreed and in force on the date of the invoice shall be observed.
- For each client, a credit "Plafond" will be established by our Finance Department, based on commercial and financial information of their behavior as a business partner.
- Supplies that are not paid on time will bear interest under the legal terms after the due date of the respective invoice.
- The possible existence of outstanding situations will not be accepted, under any circumstances, as a justification for the non-timely payment of any invoice.
- Supplies will be suspended whenever there is any situation of non-compliance by customers.
- Customers with suspended credit will not be satisfied with any orders.
- It is understood as compliance with the deadlines, the date of receipt in our services, of the respective means of settlement.
- If before the total or partial fulfillment of an order facts or circumstances occur or it is known that give rise to a well-founded fear that the customer will not comply with the payment, CIFIAL may suspend the delivery of the products if the customer does not anticipate or guarantee payment within the corresponding period.
- These conditions come into force immediately and cancel and replace the previous ones, and may be changed without prior notice..

RESERVATION OF TITLE

- CIFIAL reserves the right of ownership of the goods until their full payment.

CANCELLATION OR SUSPENSION

- CIFIAL may, in its interest, cancel or suspend the manufacture of any of its products and/or orders, without the Buyer being entitled to any compensation for this fact.

WARRANTY

- Our products, whenever used and installed in accordance with our instructions, are guaranteed against manufacturing defects for a period of 3 years for products purchased after 01/01/2022 and 2 years for products purchased until 31/12/2021, except in cases where another specific period or conditions are indicated in the corresponding document.
- For the application of this warranty it will be necessary, in any case, the acceptance of the defect by our technical services and the return of the defective products.
- The transport and packaging costs that are originated by the warranty assistance, are at the expense of CIFIAL.

JURISDICTION

- Customers and Cifial expressly accept the jurisdiction of the court Santa Maria da Feira Portugal.

CERTIFICAÇÕES

CERTIFICATIONS | CERTIFICACIONES | CERTIFICATIONS

CIFIAL, S.A.

A CIFIAL, S.A. é certificada pela norma NP EN ISO 9001:2015.
